

K-Love provides quality, family friendly music and Christian values to a community that desperately needs to hear the love of God. Santa Cruz County is filled with many liberal ideas and there are plenty of stations that boast this liberal mindset and are not encouraging of families. To remove the option of K-Love using the translator would eliminate the only Christian radio station that serves the Santa Cruz County area. Please keep the LPFM stations from having priority over the use of the translators that K-Love uses. Thank you!
